PROJECT SCOPE

Originally only wanting a new kitchen sink, this couple ended up with a new home on their beautiful 5-acre property overlooking a pond. This extensive renovation and addition included: redesigning the master bedroom suite to allow for wheelchair accessibility to a new ADA accessible bathroom - promoting aging in place • transforming the existing deck into a screen patio accessed from both the vestibule and dining room • enlarging the existing kitchen, dining room, and front foyer • transforming the home office into a library • expanding 2nd floor hallway • adding a new 2nd floor bathroom • added new storage space above the garage
